

# Great? Legendary.

*Margaret, Doug and Peter Lehmann*

PETER LEHMANN IS KNOWN AS THE “BARON OF THE BAROSSA,” a living legend whose wines have brought international acclaim to the region. The founding of Peter Lehmann Wines is one of the wine world’s great legends. In the face of serious overproduction, the renowned winemaker gambled on establishing a new winery rather than allow his mates – independent Barossa grapegrowers – to face financial ruin. Those growers in turn provided the materials to create wines that stand among the best in the world.
